

POWERED BY THE
ST. LOUIS
COMMUNITY FOUNDATION

GIVE STL DAY IS MAY 11, 2017!

Whether your organization was one of the 900 nonprofits that participated in Give STL Day last year or is new in 2017, the St. Louis Community Foundation has a training session to get you ready.

This year, the St. Louis Community Foundation has partnered with CiviCore, to bring Give STL Day 2017 back-better than ever! CiviCore, a developer with 15 years of experience, is one of the most successful and reliable platforms for hosting Give Days.

To make the most of your participation and to answer all your questions about the platform features and new technology, be sure to sign up for one of our upcoming training session!

Registration Webinars will help you learn how to sign up and create your organization’s profile; including having featured programs, videos and 3rd party campaigns using the new technology and platform.

Strategy Sessions will help you find ways to engage your constituents, promote your organization and secure new donors.
